

In Collaboration with SST 8 and Florida's Positive Behavior Support Project

## Going Deeper with Restorative Practices

School based teams will learn about implementing Restorative Practices (RP) within a PBIS Framework. Teams will have the opportunity to work and develop a plan for implementation of Restorative Practices. Some of the agenda topics that will be covered across the two days are:

- Understanding the Continuum of RP
- Proactive RP Practices: Affective Statements and Classroom Circles
- Reactionary RP Practices: Restorative Chats, Restorative Circles, and Reintegration

Participants will get the opportunity to practice the RP practices being taught. This is a hands on interactive training, so be prepared to practice.
